

Autoimmune Disorders .

Systemic Autoimmune Disorders

- Systemic Lupus Erythematosus
- Progressive systemic sclerosis
- Dermatomyositis
- Goodpasture's Syndrome
- Wegener's Granulomatosis
- Rheumatoid Arthritis
- Sjögren's Syndrome

Autoimmune Disorders Organ specific

- Hashimoto Thyroiditis
- Autoimmune Adrenalitis
- Type I Diabetes Mellitus
- Myasthenia Gravis
- Autoimmune Gastritis
- Multiple Sclerosis

Immunodeficiency Disorders

Primary Immunodeficiency Disorders

- X-Linked Agammaglobulinemia
- Transient Hypogammaglobulinemia
- Heavy-Chain Defect
- μ Chain Defect
- IgG Subclass Defect
- Hyper IgM Syndrome
- Isolated IgA Deficiency
- Common Variable Immunodeficiency

Primary Immunodeficiency Syndromes:

- T-Cell Defects .
- DiGeorge Syndrome
- Nezelof Syndrome
- Chronic Myocutaneous Candidiasis
- B-Cell and T-Cell Defects
- Severe combined immunodeficiency (= SCID)
- Ataxia Telangiectasia
- Wiskott-Aldrich Syndrome

Secondary Immunodeficiency Syndromes .

- Monoclonal Gammopathy

Acquired Immunodeficiency Syndrome (AIDS)

- Sequelae of AIDS .
- HIV Lymphadenopathy
- Kaposi's Sarcoma
- HIV-Associated Pneumopathy
- HIV Encephalitis

Hypersensitivity Reactions

Type I Hypersensitivity Reactions .

- Local Anaphylaxis
- Systemic Anaphylaxis
- Atopic Reaction
- Disorders Associated with Type I
- Bronchial Asthma
- Allergic Rhinosinusitis

Type III Hypersensitivity Reactions

- Serum Disease
- Disorders Associated with Serum Disease .
- Immune Complex Vasculitis
- Immune Complex Nephritis
- Local Immune Complex Disease
- Disorders Associated with Local Immune Complex Disease
- Extrinsic Allergic Alveolitis

Type IV Hypersensitivity Reaction

- Cutaneous Basophilic Hypersensitivity Reaction
- Contact Allergy
- Tuberculin Reaction
- Granulomatous Hypersensitivity Reaction

Transplantation Pathology .

- Transplant Allergy
- Graft-Versus-Host Disease
